

### *Welcome From the Administrator*

It is with great pleasure that we welcome you to Long Island Rehabilitation and Nursing Care Center. Our home has been an integral part of this community for well over 43 years. During these years our goal is to meet and exceed your expectations in the care and protection of your love ones. Part of our job is to form and build a tangible relationship with you to ensure that the care and services you want for your love ones are delivered. We pride ourselves to be the best Nursing Rehabilitation Center in the area. Our Fundamental belief is that “we care enough to emphasize humanity in our resident relationships.”

We have a dedicated team that goes above and beyond to provide and deliver all your clinical, social and psychological needs and to enrich the lives of those we serve. We place a strong emphasis on recovery and rehabilitation and offer the residents a tranquil, vivifying ambiance to maximize their potential for a speedy recovery. The physiognomy of each care givers has revealed care and compassion to all who enter our home; this expression is conveyed by their brilliant smiles.

Long Island Rehabilitation and Nursing Care Center is an ideal strategic location for an individual who requires special care and rehabilitation following illness, injury, surgery or stroke. Our Rehabilitation Program is designed to meet the needs of those who have experienced a physical or cognitive loss of function. Your care givers are well trained professionals who will assist you in restoring maximum independence geared towards resuming a satisfying and productive life. We also have a team of Doctors who make daily round to address any needs your love ones may experience.

As you embark on this journey with us, please know that your input and well-being are vital to us and we remain committed to enrich the Lives of the Residents we serve. Thank you for entrusting us to care for you and your family.

With best wishes

Respectfully,
